Healing Touch Certificate Program

The Healing Touch Certificate Program is a multi-level course of study in energy-based therapy that moves from beginning to advanced practitioner and is complementary to health care. The program incorporates a variety of energy-based modalities that are sequenced in Levels 1 through 5, allowing participants to progress from beginner to practitioner. Students receive a certificate of completion at each level. Upon completion of Levels 1-5 and additional requirements, students are eligible to apply for certification through Healing Touch International, Inc. Level 6 prepares the individual to become an instructor.

Each level in the Healing Touch Program includes both didactic and experiential learning in which participants practice and share experiences using energy-based healing techniques. In addition the program encourages the developing practitioner to enhance skills and knowledge through recommended readings and practice sessions. There is also a strong commitment to personal growth and knowledge of holistic health principles.

Target Audience

The Healing Touch Certificate Program is a nursing continuing education program for registered nurses, health care professionals, body-oriented therapists, psychotherapists or other licensed health care professionals and individuals who desire an in-depth understanding of healing work that uses energy-based concepts.

Certification as a Healing Touch Practitioner is an appropriate goal for those who wish to establish a Healing Touch practice or incorporate Healing Touch as a major focus within an existing professional practice.

Level 4 Description

This course prepares the student to become a Healing Touch Practitioner and establish a practice setting. Practice concerns are explored including establishing a private practice, incorporating Healing Touch into a current practice setting either working alone or with others. The following topics are addressed: business concepts, client/practitioner relationships, networking with other practitioners, identifying energy patterns in clients and scope of practice. Professional development as a healer is explored including addressing professional ethics, standards of practice and role as a healer.

Level 4 Objectives

The participant will:

1. Describe the development of a Healing Touch Practitioner.
2. Demonstrate a 5-step sequence to include intake, three healing sessions and discharge planning.
3. Identify issues related to development of a Healing Touch practice.
4. Discuss the case study process based on the sequence demonstrated during the workshop.
5. Discuss the principles of apprenticeship/mentorship and professional practice.
6. Discuss the purpose of a professional profile notebook.
7. Apply HTI's Standards of Practice and Code of Ethics within one's Healing Touch practice.
